**TEENS HAPPY HOME GROUP HOME PROGRAM CONTRACT COMPLIANCE  
MONITORING REVIEW**

The Los Angeles County Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Teens Happy Home Group Home (GH) in December 2010, at which time they had one six-bed site with six male placed children. Teens Happy Home is licensed to serve a capacity of six children, ages 12 through 17. At the time of the review the children's average length of placement was six months and the average age was 15.

Teens Happy Home is located in the 2<sup>nd</sup> Supervisorial District and provides services to DCFS foster youth. According to Teen's Happy Home's program statement, its goal is "to provide a positive environment for those males aged 12 to 17 with emotional and adjustment problems and for those who because of family problems are unable to cope in the traditional family setting."

For the purpose of this review, all six placed children were interviewed. Five of six children's case files were reviewed as one child had been placed less than 30 days. Five staff files were reviewed for compliance with Title 22 Regulations and contract requirements.

There were no children on psychotropic medication.

*"To Enrich Lives Through Effective and Caring Service"*

## **SCOPE OF REVIEW**

The purpose of this review was to assess Teens Happy Home's compliance with the contract and State regulations. The visit included a review of Teens Happy Home's program statement, administrative internal policies and procedures, all placed children case files, and a random sampling of personnel files. A visit was made to the facility to assess the quality of care and supervision provided to children. Interviews were conducted with the children to assess the care and services they were receiving.

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

## **SUMMARY**

Teens Happy Home was providing adequate care to DCFS placed children and services were provided as outlined in its program statement. Most of the children interviewed stated that services were made available to them and the staff treated them with respect and dignity. One child reported that a staff member was not respectful to him.

The direct care staff stated that the needs of the children were met in a timely fashion by the administrative staff.

At the time of the review, the Group Home staff needed to address a few deficiencies, none of which posed a safety hazard to any of the placed children. The Group Home staff also needed to develop comprehensive Needs and Services Plans (NSPs) and ensure documentation of the DCFS Children Social Worker (CSW) approval for the implementation of the NSPs. Further, the Group Home needed to train staff to ensure all children were treated with respect and dignity.

The Executive Director and Administrator expressed an understanding of each finding.

## **NOTABLE FINDINGS**

The following are the notable findings of our review:

- The NSPs did not include all elements; many of the goals were not updated and/or modified.
- Two of five reviewed NSPs were not approved by the CSW for implementation.
- One child stated that a staff member did not leave her problems outside the Group Home doors and as a result, the child did not feel treated with respect and dignity. The Administrator and CEO have addressed this concern with staff and will include discussions of mutual respect in their monthly staff/residents meetings.

The detailed report of our findings is attached.

**EXIT CONFERENCE**

The following are highlights from the exit conference held March 9, 2011:

**In attendance:**

Olga Ruiz, Administrator, Teens Happy Home and Greta F. Walters, Monitor, OHCMD, DCFS.

**Highlights:**

The Administrator expressed an understanding of the findings and recommendations and indicated that she would bring the findings reflected in the report to the attention of the CEO.

Teens Happy Home provided an approved written Corrective Action Plan (CAP) addressing each recommendation noted in this compliance report. The approved CAP is attached.

We will assess for full implementation of recommendations during our next monitoring review scheduled for May 2012.

**TEENS HAPPY HOME PROGRAM  
CONTRACT COMPLIANCE MONITORING REVIEW**

**9651 S. Hobart Boulevard  
Los Angeles, CA 90047  
License Number: 198207171  
Rate Classification Level: 7**

The following report is based on a "point in time" monitoring visit. This compliance report addresses findings noted during the December 2010 monitoring review.

**CONTRACTUAL COMPLIANCE**

Based on our review of five children's files and five staff files, Teens Happy Home GH was in full compliance with six of nine sections of our contract compliance review: Licensure/Contract Requirements; Educational and Emancipation; Recreation and Activities Requirements; Children's Health-Related Services, including Psychotropic Medication; Clothing and Allowance; and Personnel Records. The following report details the results of our review.

**FACILITY AND ENVIRONMENT**

Based on our review, Teens Happy Home GH fully complied with three of six elements in the area of Facility and Environment.

We noted that there were broken cinder blocks in the fence, large cracks in the driveway and patio area. There was a large repair patch on the front of the house, cracks in the stucco and peeling paint. The crawlspace cover was damaged, allowing easy access to pests and rodents. There was no cover for the dryer vent, again allowing easy access to pests and rodents.

While the GH provided a home-like environment, the interior had several deficiencies, none of which posed any safety risks to placed children. In the common areas, the walls and ceilings were cracked; in the kitchen, the paint was peeling, the cabinets were dirty, and there was a tear in the kitchen floor and telephone area. In bathroom #2, the window was broken, the sink was dirty and there were paint splatters on the floor. The wood paneling in the telephone area was loose and damaged and there was an iron burn mark on the living room carpet.

Children's sleeping arrangements were appropriate, but the linens and bed pillows were worn and in bedroom #1, there was a crack in the wall. In bedroom #2, there were cracks in the walls and ceiling.

The GH Administrator provided documentation to OHCMD that the GH had corrected the site deficiencies that were found during the review.

Teens Happy Home GH relocated and has been approved by Community Care Licensing as meeting their standards.

**Recommendation:**

Teens Happy Home management shall ensure:

1. The Group Home site is maintained and in good repair in accordance with Title 22 Regulations (exterior, common areas and bedrooms).

**PROGRAM SERVICES**

Based on our review of five children's case files, Teens Happy Home fully complied with six of eight elements reviewed in the area of Program Services.

We found that the treatment team developed and implemented the Needs and Services Plans (NSPs) with input from the child, but NSPs were not comprehensive and did not include all elements as many of the goals were not updated and/or modified. Two of five reviewed NSPs were not approved by the DCFS Children's Social Worker (CSW) for implementation. The Administrator met with the Group Home LCSW and explained the changes that were required, and reported that all future NSPs will be written in a more comprehensive manner and according to the child's needs. Teens Happy Home representatives attended the NSP training conducted by OHCMD in January 2012.

**Recommendations:**

Teens Happy Home management shall ensure:

2. NSPs are comprehensive including all required elements.
3. The DCFS CSWs authorize the implementation of the NSPs.

**PERSONAL RIGHTS**

Based on our review of five children's case files and interviews with six children, Teens Happy Home fully complied with nine of ten elements in the area of Personal Rights. One element was not applicable as there were no children on psychotropic medication.

We noted one child stated that one of the staff members did not leave her problems outside of the Group Home's door and felt that staff did not treat him with respect and dignity. The Administrator stated that she would bring this to the attention of the CEO and they would conference with the reported staff member.

**Recommendation:**

Teens Happy Home management shall ensure:

4. All staff members treat all children with respect and dignity.

## **FOLLOW-UP FROM THE PRIOR OHCMD MONITORING REPORT**

### **Objective**

Determine the status of the recommendations reported in the prior DCFS monitoring review.

### **Verification**

We verified whether the outstanding recommendations from the DCFS monitoring review report dated September 3, 2010 were implemented.

### **Results**

The DCFS prior monitoring report contained four outstanding recommendations. Specifically, Teens Happy Home Group Home was to ensure that the GH was maintained in good repair in accordance with Title 22 Regulations; that the NSPs were comprehensive and included all required elements; that documentation was maintained as verification; DCFS CSWs approved the implementation of the NSPs; and that all children were encouraged and assisted in creating and maintaining photo album/life books. Based on our follow-up of these recommendations, one has been fully implemented as it related to life books. Corrective action was requested of Teens Happy Home Group Home to further address these findings.

### **Recommendation:**

Teens Happy Home management shall ensure:

5. Full implementation of the outstanding recommendations from the September 3, 2010 monitoring report, which are noted in this report as Recommendations 1, 2, and 3.

## **MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER**
